LIGHTS, CAMERA, EQUALITY: OCTOBER SPOTLIGHT ON WOMEN IN FILM

Compiled by Ashlyn Burgess

As autumn leaves begin to fall, we're turning our attention to the captivating world of cinema, where women continue to shape narratives, break barriers, and redefine the art of storytelling. Welcome to the October edition of our newsletter, dedicated to celebrating the inspiring contributions of women in film.

5. Rafiki (2018)	10. The Color Purple (1985)

WOMEN ARE MORE THAN WITCHES

Compiled by Ashlyn Burgess

In the enchanting world of cinema, women have often found themselves cast in the mystical role of witches, a portrayal that transcends the boundaries of good and evil. From the classic allure of the wicked witch to the modern-day complexities of spellcasters, these characters have become a canvas for exploring femininity, power, and societal perceptions.

From Wicked Witch of the West

From the Wizard of Oz to the Evil Queen, women were often portrayed as evil, wicked witches in early films.

To Powerful, Strong, Female Roll Models

As the years have gone by, these characters have evolved into more nuanced, and relatable characters with the likes of Sabrina, AHS: Coven and more.

THE QUEENS OF SCREAM

WOMEN WHO REDEFINED HORROR

Compiled by Ashlyn Burgess

Step into the shadows with the iconic women who have redefined the horror genre. From Jamie Lee Curtis's triumphant battles against Michael Myers to Sigourney Weaver's intergalactic struggles in space, these leading ladies have not only survived onscreen nightmares but have become legends in the process.
